

Women are gems...precious, priceless, irreplaceable poem

Women are gems
Worthy, dynamic and strong
Capable of conquering all
Tell everyone where you belong

Among the heavens
Sparking like rare jewels
Classy and proud
Taking nothing from fools

Belief in yourself
Is key to a whole life
Without it, you will fall
Living in angst and strife

Take pride in yourself
You're genuine and rare
Choose a life that is precious
And gleam bright and fair

You're a cut above the rest
Priceless and refined
Know your worth
Be spectacular, be divine

For a gem is a true find
Desired, loved, a prize
And that is you, my sister
Irreplaceable and wise
